FRANK PARKER DDS  
Bright & Beautiful Smiles

## Did you know?

Sleep dentistry is a state-of-the-art technique for the comprehensive control of pain and anxiety while at the dentist. Just about any dental procedure can be performed while you are relaxed and comfortable. Patients awake from a light sleep feeling rested and without any negative memories of the dental procedure.

## You are free from concerns of pain or discomfort.

When it comes to your ultimate in comfort, and your safety our team of experts will take great care of you!
